

**Outsource  
Partners  
International**

**TO WHOMSOEVER IT MAY CONCERN**

Outsource Partners International (OPI) has been associated with NSL Infratech for more than 3 years. We have occupied a facility owned by NSL and the facility was world class in terms of fit out and features. All interaction with NSL has been extremely professional with quick turn-around times on our requests.

If the opportunity presents itself, we would surely like to work with NSL on additional space requirements.

Date : 14.12.2009
